15. Warranty

Casegoods

Jofco warrants all Jofco manufactured parts in casegoods to be free of defects in material and workmanship for 10 years. The warranty applies to single shift use on all products manufactured by Jofco June 15, 2006 and thereafter.

Repair and/or replacement will be made on any part or parts found to be defective within the terms of the warranty, at the option of Jofco. This warranty is valid provided that reasonable care and normal and proper use has been maintained. Damages resulting from unauthorized repairs, user modifications, abuse, misuse or negligent use voids this warranty.

Natural variations in grain, color or texture of wood should not be construed as defects under this warranty.

Seating

Jofco warrants its seating products to be free from defects in workmanship under normal conditions from the delivery date for a period of ten (10) years for lounge and swivel seating and five (5) years for guest seating. This warranty applies to all seating products sold and installed by an authorized Jofco agent for 40-hour, single shift use and is only valid if products are given proper use and care.

Jofco's warranty does not apply to defects in components not manufactured by Jofco, including but not limited to upholstery cover, leather, pneumatic cylinders, glides and casters. Components not manufactured by Jofco are warranted by their supplier. Customer's own materials (com or col) or any other non-standard materials selected by the customer is not warranted by Jofco.

This warranty does not apply to:

Normal wear and tear.

Damages resulting from accidents or alterations.

Damages resulting from misuse including but not limited to tipping and scooting.

Products used for rental purposes.

Products improperly installed or modified by user.

Damages caused by the carrier in transit (see shipping terms).

Normal wear, color fastness, shrinkage, wrinkling, stretching or dye lot match of fabrics, leathers and other textiles.

Products exposed to extreme weather conditions.

All warranty claims must be written by the original purchaser.

Purchaser may be required to produce the invoice or other evidence to establish a claim in the warranty period. Product claims must be processed through personnel directly employed by Jofco. No person,

firm or corporation is authorized to assume for Jofco any liability in connection with the sale or installation of Jofco product as stated above. The course of action to remedy an accepted warranty claim is at the sole discretion of Jofco. Remedies, include but are not limited to, repair or replacement of the defective part. In the event the product has been discontinued, Jofco reserves the right to make substitutions.

Total goods replacement will be prorated during the warranty period as shown below. The percentage indicates the portion of the sell price excluding upholstery cover material.

Year 1 - 95%
Year 2 - 90%
Year 3 - 85%
Year 4 - 80%
Year 5 - 70%
Year 6 - 60%
Year 7 - 50%
Year 8 - 40%
Year 9 - 30%
Year 10 - 20%

Jofco shall not be liable for damages or injury to person or property.

Intended Use

Furniture shall be marketed for executive use. Furniture is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial, Legislative Branches or Armed Forces of the Federal Government.

Minimum Construction Requirements

Furniture shall comply with one of the grades of construction/materials and one of the three design categories explained below. GSA assigns grades and design categories based on the information in the Construction Material Data (CMD) sheets provided with this offer.

The GSA National Furniture Center established a grading method to help customers identify the furniture construction/materials desired. The grading method consists of a grade for the case/good chassis, and a separate grade for the drawers. In addition, the GSA National Furniture Center established three design categories to help our customers make a purchasing decision based on their needs and budget.

Grades of Furniture Construction/Materials.

Furniture lines and drawer construction in Grade 1 includes wood furniture that tends to be the most expensive of this group, and Grades 2, 3 and 4 wood furniture tends to be progressively more affordably priced when compared to Grade 1.

All pieces with a GSA Chassis Grade 1-3 shall have wood veneered or solid wood chassis and top (unless otherwise noted below). Design features such as leather, burl, veneer border, inlay, marquetry, stone, glass and metal accents are acceptable for all chassis grades. Leather, glass, marble/stone or solid surface tops are acceptable in lieu of wood tops in GSA Chassis grades 1 through 3. High-pressure laminate tops are acceptable only as an option in GSA Chassis grades 1 through 3.

If a particular line of furniture or drawer construction has properties which fall into different GSA Grades, the furniture line or drawer construction will be assigned a grade of the lowest property (e.g. if the edgeband thickness earns a grade 3 but the base rail construction earns a grade 2, the furniture will receive a GSA Chassis Grade 3).

Grade	Design	Product Name
4	Transitional	CaseWorks
4	Contemporary	Merge
4	Contemporary	Reflections
4	Contemporary	Wall Street
2	Traditional	Wellington
3	Traditional	Walden

Return and/or Restock Charges

Due to the nature of the product, Jofco reserves the right to refuse any and/or all requests for the return/restock of product. Each request will be handled on an individual basis. Factory authorization consisting of a written Return Goods Authorization form (RGA) must be secured prior to the return of any product. The RGA must be used within 30 days of issuance, and all returns must be shipped as pre-paid freight. Freight collect returns will be refused. Missing parts and/or damages due to improper packaging will be deducted from any credits that may be issued. A fee of 25% of the net cost of the product shall apply (subject to Jofco's determination of value), upon final inspection at the factory.

Cancellation Charges

Orders cancelled prior to production will be no charge. If production has started, all costs incurred to that point will be assessed (up to 25% of net cost), if not sold within a 180 day period. Items that are complete and ready for shipment, may not be cancelled.
